

The Good Gums® - Black Cumin

The Good Gums®: Indulgence with a nutritive plus

The Good Gums® is a new Biogena product line that packs sensible micronutrient combinations into vegan, sugar-free gummy bears. The high-quality gummy bears not only look good enough to eat, they also taste delicious and provide added nutritional value. And all without compromising on the usual radical Biogena quality.

Are you ready for a smart tête-à-tête between taste and tradition?

Only The Good Gums® Black Cumin Edition offers the exciting combination of the taste of America's cult beverage and the "gold of the pharaohs". The tingling tête-à-tête of delicious cola flavour with high-quality black cumin oil gives the vegan and sugar-free gummi bears not only a unique taste, but also that certain something nutritionally.

The Good Gums® Black Cumin Edition: The reliable partner at any time of the year

Whether in the heyday of spring or on the well-established feel-good couch in winter: The Good Gums® Black Cumin Edition are your reliable snacking partner at any time of year. With the daily dose of 3 bears, you get to enjoy 960 mg of premium black cumin oil (= 320 mg per bear). The aromatic black cumin oil brings a very special touch not only in terms of taste but also in terms of content. In cold-pressed form, black cumin oil captivates with a fine mixture of unsaturated fatty acids and plant-specific ingredients. Of particular interest to modern nutritional science are the valuable essential oils. Thanks to the gentle manufacturing process, the inner values of the oil remain largely untouched.

The Good Gums® Black Cumin Edition

- Vegan, sugar-free gummy bears with cola flavour made from natural flavours
- With high quality oil from the seeds of the traditional Genuine Black Cumin *Nigella sativa*
- *Nigella sativa* is a source of unsaturated fatty acids and captivates with unique notes of plant-specific essential oils
- 100 % vegan & sugar-free

Possible uses

- 2 in 1: Tasty, sugar-free snacking paired with nutritiously valuable black cumin oil
- For the supply of ingredients specific to black cumin, including unsaturated fatty acids
- As a welcome change or supplement to black cumin oil in liquid or capsule form
- As an alternative for children, adolescents and adults who do not like the taste of pure black cumin oil
