Three blends - one mission: your beauty.

The "+" in HYALURON & PROCOLLAGEN+ SUPERIOR NEUTRAL EDITION stands for a groundbreaking formula that takes your daily beauty routine to a new level. Three blends merge with revolutionary vegan hyaluronic acid (GREENIURONIC®) from Tremella extract to create the perfect beauty secret.

+ **ProCollagen Blend** with the collagen building blocks glycine, proline and lysine as well as vitamin C, which contributes to normal collagen formation for normal skin function.

+ **GlamourBeauty Blend** with biotin, which supports the maintenance of beautiful skin, vitamin B6 to support hormonal regulation and selenium, which contributes to the maintenance of healthy hair and nails. With silicon, a building block of nails, skin, hair and connective tissue, and pantothenic acid. The blend also shines with phytoceramides from gluten-free wheat seed extract (CERAMOSIDES™). Ceramides are lipids that occur naturally in the skin.

+ **AntiOx Blend** with zinc, which protects the cells from oxidative stress, as well as melon juice concentrate (EXTRAMEL®) and polyphenols from grape seed and pomegranate extract.
