

Intestinal Care Bundle

All-round support for a good gut feeling

The BIOGENA Intestinal Care Bundle combines our popular intestinal classics Mucosa Formula®, ColonBalance® and Omni Lactis® 20 Gold in an attractively priced set.

Mucosa Formula®

As the cells of the intestinal mucosa are subject to a constant renewal process, attention should be paid to the daily supply of micronutrients that can maintain the intestinal mucosa*. BIOGENA Mucosa Formula® contains an ideally balanced composition of the amino acid L-glutamine (Kyowa Quality®), special plant extracts and relevant micronutrients that support the needs of the intestinal mucosa*.

ColonBalance®

Soluble vegetable dietary fibers serve as food for the intestinal bacteria by converting them into short-chain fatty acids, lactate and other valuable metabolites. BIOGENA ColonBalance® contains selected types of soluble dietary fiber (acacia fiber, citrus pectin and resistant dextrin), which the intestinal bacteria in the final sections of the intestine use as food. Thus, the daily fiber consumption, the food for the intestinal microorganisms, can easily be increased.

Omni Lactis® 20 Gold

Around 100,000 billion germs from more than 400 different species together form the intestinal flora, which weighs over 1 kg. Lacto- and bifidobacteria are particularly abundant. Omni Lactis® Gold contains 20 billion viable lacto- and bifidobacteria per daily dose from 10 different bacterial strains from the premium manufacturer NordBiotic™.

Intestinal care bundle

- Combines soluble fiber, scientifically tested bacterial strains and a special formula with the amino acid L-glutamine, high-quality plant extracts and selected micronutrients
- ColonBalance® contains citrus pectin, resistant dextrin and the registered brand raw material Fibregum™ from acacia fiber
- With a multi-strain preparation with 10 scientifically tested bacterial strains from NordBiotic™
- *Mucosa Formula® contains provitamin A (beta-carotene). Vitamin A supports normal mucosal functions. The intestinal mucosa is the largest mucosal surface in the body. Zinc and vitamin D have a function in cell division.

BIOGENA
WELCOME TO YOURSELF

Possible applications

- To support mucosal function and cell division*
- For the targeted supply of a high concentration of lactic acid bacteria cultures
- For the targeted intake of various types of dietary fiber and to increase the general fiber intake

Bioavailable micronutrients in pure form and radical quality from passion

- According to the pure substance principle
- Without colorants and flavorings
- Gluten-free
- Lactose-free
- Hypoallergenic
- 100% vegan
- Tested quality

INGREDIENTS per daily dose (Mucosa Formula®)	2 capsules	% NRV*
L-glutamine	800 mg	-
Zinc	10 mg	100
Copper	1 mg	100
Manganese	1 mg	50
Selenium	28 µg	51
Vitamin C	80 mg	100
Pantothenic acid	50 mg	833
Vitamin B6 (activated)	8 mg	571
Vitamin D3	25 µg	500
