

QinkGo® Heart & Brain Formula Gold

Heart & Brain Formula

Coenzyme Q10 & Ginkgo

Natural aging processes go hand-in-hand with many changes at the cellular level. The synthesis of endogenous coenzyme Q10, for example, slows down. Coenzyme Q10 is a natural substance from our food, which can also be produced by the body itself. Particularly high concentrations of coenzyme Q10 are found in specific organs, such as the heart and brain.

Natural substances such as ginkgo can be put to good use with increasing age. Ginkgo leaf extract ensures that the microcirculation is promoted in the blood vessels. In this way, important nutrients can reach the brain cells and support their activity as well as the mental performance.

Biogena QinkGo® Gold: For mental and cardiac fitness

Biogena QinkGo® Gold combines the positive properties of coenzyme Q10, ginkgo extract and vitamin B1 to support the physical and mental performance, particularly with increasing age.

Importance of some selected vital substances contained:

- Vitamin B1 is essential for the normal cardiac output and contributes to the functioning of the nervous system
- Ginkgo biloba promotes microcirculation in the blood vessels and supports the cognitive functions

Possible uses:

- To support the cognitive functions and mental performance of elderly persons
- To support heart function
- For the targeted intake of coenzyme Q10, for example in old age

Bioavailable micronutrients in a pure form

- Pure substance principle
- Without colours, flavours or glazing agents
- Gluten-free
- Lactose-free
- Hypoallergenic
- Vegetable capsule shell
- 100 % vegan
- Quality tested
