

# BIOGENA AESTHETICS

## Skin Biotic+

**Microbiome & skin in balance** - a powerful duo for your well-being

This innovative formula contains high-quality intestinal bacteria (lacto- & bifidobacteria\*\*\*) for a balanced microbiome and fiber that nourishes the intestinal bacteria.

CERAMOSIDES™ with phytoceramides from gluten-free wheat seed extract provide moisturizing care inspired by natural skin lipids.

**SkinBiotic+** gets the finishing touches thanks to **zinc**, which helps protect cells from oxidative stress, and **copper**, which contributes to normal skin pigmentation.

\*\*\*With a total of 10 billion CFU (colony forming units) per daily dose of the strains *Lactobacillus acidophilus*, *L. casei*, *L. paracasei*, *L. plantarum*, *L. rhamnosus*, *Bifidobacterium bifidum*, *B. lactis*, *B. longum*, *B. breve*, *Streptococcus thermophilus*.

### Possible uses:

- For your daily beauty routine with a focus on gut & skin
- For targeted supplementation with selected bacterial cultures
- For conscious intestinal flora care
- Support with skin-related nutrients such as zinc and copper

### Zinc:

- Contributes to the maintenance of normal skin.
- Plays a role in the process of cell division.
- Helps protect cells from oxidative stress.

### Copper:

- Contributes to normal skin pigmentation
- Supports the maintenance of normal connective tissue.
- Helps protect cells from oxidative stress.
