

BIOGENA AESTHETICS

SummerSkin+

Superior

Hello sunshine - hello glow!

Sun-kissed skin gives us the perfect summer glow. But what conjures up freshness and makes us happy can turn into the opposite over the years. Experts estimate that around 80 % of all visible skin ageing processes on the face are caused by the sun. This makes it all the more important not to expose our skin to the sun indiscriminately, but to maintain a healthy relationship with the sun and pay special attention to it - both inside and out.

BIOGENA SUMMERSKIN+ SUPERIOR has been specially developed to provide optimum support for our skin - whether we are on a beach vacation or skiing in imperial weather. The exclusive complex of active ingredients helps to maintain beautiful skin. For optimum support, SUMMERSKIN+ SUPERIOR is taken all year round as part of the daily skin care routine.

Perfect skin care - thanks to that certain something+

SUMMERSKIN+ SUPERIOR combines selected ingredients with that certain something, the "+" from extensive scientific research for the perfect sun-kissed skin glow, which is applied exactly where it is needed - in depth:

- + **SKIN CARE:** Zinc in the form of zinc picolinate and vitamin A from beta-carotene contribute to the maintenance of normal skin. The two skin nutrients are perfectly complemented by vitamin C, which supports normal skin function through its contribution to collagen formation.
- + **CELL PROTECTION:** Vitamin C, vitamin E and zinc help to protect the cells from oxidative stress
- + **KEY-INGREDIENT SERPENT FERN:** Gold dot fern leaf extract is obtained from the fern plant Polypodium leucotomos, which is native to the tropics. In recent years, this special extract has been the subject of great interest in skin research.
- + **5-FOLD CAROTINOID BLEND:** Beta-carotene, lycopene, lutein (Lyc-O-Lutein™), astaxanthin (ASTAFIT®) and zeaxanthin provide a broad spectrum of carotenoids - 5 members of the carotenoid family that complement each other perfectly.
- + **SUMMER-GLOW-INGREDIENTS:** With a smart polyphenol blend of green tea, pomegranate and grape seed extract.

SUMMERSKIN+ SUPERIOR - The Art of sun-kissed Skin Care.

- THE premium formulation to support the skin from within during the summer months - but also perfect for use all year round
- With the beauty nutrients vitamin C, vitamin E and zinc to contribute to oxidative cell protection
- With vitamin A from beta-carotene, which supports the maintenance of normal skin
- With 5 carotenoids in perfect combination-beta-carotene, lycopene, lutein (Lyc-O-Lutein™), astaxanthin (ASTAFIT®) and zeaxanthin
- With valuable polyphenols and epigallocatechin gallate from green tea, pomegranate and grape seed extract
