

Thyrocare® Iodine Complex

If your thyroid needs extra care, **Thyrocare Iodine Complex** is **here to help**. The carefully balanced combination of iodine from kelp and potassium iodide supports **normal thyroid function** and **the body's own hormone production***—exactly when it matters most.

The formula is supplemented with **selenium, L-tyrosine, and vitamins A, B2, and B6**. The result is a well-thought-out nutrient complex that supports you in **meeting your specific needs**—for example, during periods of increased demand or when you want to consciously monitor your nutrient intake.

We focus on quality, transparency, and a formulation tailored to your needs.

- Contains iodine from kelp and potassium iodide in a balanced dosage
- A carefully formulated combination of nutrients including iodine, selenium, L-tyrosine, and vitamins A, B2, and B6 for daily supplementation
- Well-tolerated and precisely dosed for everyday use
- *Iodine contributes to normal production of thyroid hormones and normal thyroid function
- *Selenium supports normal thyroid function
- Vitamin B6 contributes to the regulation of hormonal activity
